

# Wahiba Sands (Sharqiyah Sands)

Wahiba Sands Sharqiyah Sands

22.440528293817, 58.767466284375

Stretching over 125 miles (200 kilometers) from the Eastern Hajar Mountains to the Arabian Sea, the Wahiba Sands (also known as Sharqiyah or Sharqiya Sands) are Oman’s adventure playground. Named after the nomadic Wahiba Bedouin tribes, this desert region is known for its amber-colored sands and towering sand dunes, some standing up to 330 feet (100 meters) high.
